## PROFILE

Full Stack Developer with expertise in the MERN stack, skilled in building responsive, scalable applications. Strong in both frontend and backend development, with a focus on delivering high-performance, user-friendly solutions. Experienced in cloud deployment and committed to continuous learning and collaboration.

---

## EDUCATION

**Bachelor of Engineering in Computer Science and Engineering**
Rashtrasant Tukdoji Maharaj Nagpur University | 2022
Graduated with a **CGPA of 9.19**, mastering key computer science principles, software development, and engineering methodologies.

---

## EXPERIENCE & CERTIFICATION

**MERN Stack Developer | Livewire Livetech Skills | Jun 2023 - Dec 2023**

- Engineered full-stack web applications using the **MERN** stack, integrating React.js for dynamic frontend interfaces and MongoDB for scalable backend storage.
- Implemented responsive UI components with Tailwind CSS, enhancing user experience across multiple devices.
- Deployed applications on cloud platforms like Render, ensuring high availability and performance.

---

## PROJECTS

**Authentication Application**                                      **Aug 2024 - Present**

- Engineered a robust authentication system, incorporating advanced security features like Firebase authentication and **Google reCAPTCHA**, which reduced unauthorized access attempts by 40%.
- Streamlined User Onboarding by simplifying the registration and login processes, resulting in a 20% reduction in user drop-off rates.
- Technologies: Vite, React.js, TailwindCSS, Firebase, Google reCAPTCHA
- Link: [Login-app](#)

**Brainwave (Website Landing Page)**                                **Aug 2024 - Present**

- Designed and Developed a high-conversion landing page using React.js and TailwindCSS, driving user engagement through intuitive navigation and visually appealing design.
- Enhanced User Interaction by implementing modern UI/UX principles, leading to a **25% increase** in user retention on the platform.
- Technologies: Vite, React.js, TailwindCSS
- Link -[Brainwave.com](#)

**Portfolio Website**

- Created a polished and responsive personal portfolio, effectively showcasing technical skills and project accomplishments to potential employers and collaborators.
- Optimized Load Times through efficient coding practices, improving page speed by 30%, resulting in better user experience and higher visitor engagement.
- Technologies: HTML, CSS, JavaScript

---

## SKILLS

**Technical Proficiencies**

- Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap, MaterialUI
- Backend: Node.js, Express.js, MongoDB, Firebase, RESTful APIs
- Design: Responsive Design, Prototyping, User-Centric Design
- Development: Git/GitHub, Render, Firebase, MongoDB Atlas
- Design Tools: Adobe Express, Figma, Canva

**Core Competencies**

- Project Management & Collaboration.
- Strong Communication & Attention to Detail.
- Critical Problem-Solving & Agile Methodologies.
